> Judge J. W. G. Blackstone, of the Circuit Court of Accomac, in over-ruling a motion for a change of venue in the trial of Uzzle, one of the negroes who precipitated the recent race riot in that county, took occasion to criticise Governor Swanson quite severely for sending State troops to the scene, and in the course of his remarks referred to the Executive as "a spectacular Governor." The expressions of Judge Blackstone strike us as being in very poor taste and his opinion of the Governor's conduct seems to be shared by nobody else in the State. We have often heard Judge Blackstone spoken of as creating "spectacular" scenes, and of such a character as we are quite sure Governor Swanson never participates in. To our mind the "spectacular Governor" represented by Swanson in a very superior species to the spectacular judge represented by Blackstone. - Southside
